Feedback

“I am Jieru from China. Jost is a very good teacher. I learned a lot from him, and when I was back, I successfully held my own fly yoga teacher training in China.”

合十感恩 Jieru, Yogastudio-Inhaberin, Truth Yoga, China

“Thank you so much. I loved your teacher training in Denmark. The way you taught us basic and advanced aerial yoga, I loved. Thanks for sharing it. I’m impressed and thankful.”

Brian Henrik Schioldan

“I definitely went in and flew out :-) Jost is a wonderful, precise, clear and charismatic teacher. I took Jost’s course in German. I wanted to challenge myself with the German language, but I got lost sometimes.... Jost helped me out with the language whenever necessary without slowing the class down. I am really grateful for this. I felt like I’ve left the course having covered all aspects and I’m not pondering over any unanswered questions. I looked forward to class in the mornings and left smiling and confident in the evenings. His lesson structure was great and we covered all topics sufficiently. I’m excited to get teaching :-) Thanks Jost”

Emily Kinch, Aerial Chandelier and Dancer

“I really enjoyed the course, you planned the activities well, the Aerial Yoga sessions built over the three days. Theory was carefully balanced with creativity. You really broke down the teaching elements into clear instructions, this helped me understand them and gave me a method of teaching myself. Your style of teaching really resonated with me and it was good to see that this can be applied to a group class session and the Aerial Yoga system. Thank you!”

Nix Barnaville, Aerial teacher, arts manager and performer

“I wanted to take a moment to write a quick letter about my experience at the Aerial Yoga three day intensive training. I am a fitness and yoga instructor but have „till now“ had no real experience with aerial yoga and was a little unsure of myself. Our first day was a wonderful experience where Jost took us through a step by step class. He alternated between relaxation, intermediate and advanced training in such a way that you don’t even have time to question your own abilities. You find yourself doing what you didn’t imagine was possible for you. It was also a very comfortable environment where it’s okay to make mistakes. Jost is very competent and I’m very proud to have learned under his guidance. We laughed, grunted and broke barriers while learning more about ourselves. I highly recommend aerial-yoga.de if you want competent yet still fun and exciting teacher training.”

About the trainer

Jost Blomeyer is one of the most experienced Aerial Yoga trainers in Europe. He has introduced this innovative exercise programme in **TV shows** of ARD, Arte, RTL, N-TV, Sat.1 and ZDF as well as in print magazines, online and on radio.

After his training as an actor, singer and dancer – amongst others at the Staatliche Ballettschule in his hometown Berlin – he performed at the Metropol-Theater. He danced in musicals from “Anatevka” to “Wizard of Oz”, acted in the TV series “Gute Zeiten – Schlechte Zeiten” and was the choreographer for the German boy band “Strong Together”. While studying for a degree in architecture and being confronted with back pain due to prolonged sitting, Jost turned to health-oriented training. He got certified as a fitness and aerobics instructor and soon became a teacher at the TÜV-Akademie for future trainers. After he discovered yoga, he took over thousand hours of training classes in France, the Bahamas and Texas to become a yoga teacher in the Sivananda and Ashtanga Vinyasa styles. He was licensed at the Yoga Alliance (500 Hours Level, Multi-Style).

After receiving his diploma from the Technical University Berlin he discovered his interest for psychology and the mind-body connection and immersed into numerous qualification programs like EMDR Therapist, NLP Trainer, Wingwave Coach and Non-medical Practitioner for Psychotherapy. Since 2004 he is working as a workshop trainer, coach and therapist both nationally and internationally. He is the founder and owner of **metatraining**.

In 2009, after his training in AntiGravity Aerial Yoga, he was one of the first to teach this programme in Germany. He was also certified in Aerial Flow Yoga (Unnata Aerial Yoga style). He integrates his knowledge as a certified trainer in yoga, fitness, aerobics, Pilates, Blackroll fascia training and in TRX suspension training into his lessons. His yoga classes combine a mixture of good humour and serenity, strenuous exercises and concentration on breathing, followed by relaxation. His main focus is on Aerial Yoga, Vinyasa Flow and Ashtanga Yoga.

A yoga sequence by Jost was published on DVD for the magazine “Tip: Edition Aktiv leben”. On TV he spoke at the **zibb-Infomagazin** about yoga, weight reduction and light relaxation at the PC work station and he demonstrated practical exercises. He recorded the CD “Relaxing Body & Mind”, which contains progressive muscle relaxation as well as yoga relaxation. His DVD **Meditation und Yoga für Coaches und Therapeuten** was recorded during his 60 minute presentation at the DVNLP congress “Coaching”. He also recorded yoga video series for the training portals Loox (McFit) and **My Mat & Me**. For the Spiegel Online yoga special **Das große Yoga ABC** he has demonstrated five modern styles: AntiGravity Aerial Yoga, Acro Yoga, Ashtanga Yoga, Iyengar Yoga and Jivamukti Yoga. The magazine **Yoga Deutschland** published a cover story on Aerial Yoga with Jost. Currently he is featured in a Fitbook video, where he demonstrates Aerial Yoga and talks about the origins, advantages and benefits of this new yoga style: **Warum diese Trendsportart für fast jeden geeignet ist.**

Jost has more than twenty years of teaching experience. Over one hundred and eighty participants successfully completed his Aerial Yoga Teacher Training Course.
